All The Strings, All The Time

by Butch Ross

All The Strings, All The Time is a back-to-the-roots mountain dulcimer songbook from Butch Ross. Instead of intricate picking arrangements, every classic tune is played the traditional way: melody on one string, drones on the others, strumming all the strings all the time.

With no complicated right-hand patterns to learn, you get great-sounding, traditional versions of outstanding dulcimer music.

22 tunes

32 pages

TUNES IN THIS BOOK (22)
