Training Manual For Cajon!

by John Keane

Most cajon books are page after page of rhythms and patterns, without ever explaining how to play the instrument itself. John Keane's Training Manual For Cajon! does.

You'll learn the fundamentals (how to hit the cajon, where on the instrument, and when), then play along with the included CD and grow as a percussionist.

23 pages, CD included.

23 pages

INSIDE THE BOOK
